**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a residential consumer and a small business operating from my residence. I support broadband competition. Dissatisfied with the large providers (I have previously used AT&T, Comcast) I changed my service to a more local provider and couldn't be more satisfied. The rates and customer service are far superior to what the large companies offer. I do not understand the motivation to change rules to quash competition -- perhaps someone's palms are being greased by lobbyists who wish to corner the market more than they have already.

The broadband service I now receive is critical to the functioning of my business. I think competition in the marketplace is a good thing and wish to make my own choice of which provider I use.
